

22nd October 2018

Gas Works in Southfields

Please note we have been advised of the following:

1. The gas works in Replingham Road have now been completed and the road is scheduled to be reopened on Wednesday 24th October.
2. The new gas mains along Wimbledon Park Road has also been completed and SGN is working to restore the road surface – might take a couple of weeks.

However ...

3. SGN has found a leak near Sainsbury's so it is going to have to close Wimbledon Park Road entirely for about two weeks, starting this Wednesday 24th October. There will be no through road access along Wimbledon Park Road from Wimbledon Park to the tube station during this period.
4. The 493 bus will follow the route of the 39 bus between Southmead Primary School to the bottom of Victoria Drive during this period. It will not stop outside Augustus Court or any stops along Wimbledon Park Road until the junction with Victoria Drive.
5. The 39 bus will be diverted up and down Augustus Road and will not use stops between and including Southfields Station and Levana Close. Additionally, it will not use the bus stop outside Augustus Court.
6. Following this, just to add to the fun, the gas works will then move to Augustus Road itself between the crossroads and Albert Drive during November and then the rest of Augustus Road (including outside Augustus Court) after the Christmas break.
